Preservation Plan prepared by Van Citters: Historic Preservation, LLC. Submitted to SHPO on 5/11/2006.

Last Update: 5/23/2006 By: dwaconda

Record: 1 of 9

1. National Historic Landmarks are nationally significant historic places designated by the Secretary of the Interior because they possess exceptional value or quality in illustrating or interpreting the heritage of the United States.

2. Reference Number refers to the unique reference number used in the National Register of Historic Places

Record: 65 of 177

Here the Albuquerque Area identified and evaluated a 97-year old building designed by a prominent Architect and found it to be historically significant That information was entered into **BLOCK 1**

If the Area elects to submit the building for inclusion on the National Register of Historic Places the submission date should be entered in **BLOCK 4**

Determination information is entered into **BLOCK 5 A or B**

They submitted the report to SHPO and entered the date in **BLOCK 2**

SHPO concurred with the Historic determination. That information was entered in **BLOCK 3**
